Class Grumbles

We the Senior Class of 1955 grumble together on the heating system here in school. When the weather is warm outside the heaters really blow the heat, but when it's freezing outside it usually is inside too. Something oughta be done about it.

As individuals we grumble about the following:

Dale Fowler grumbles about the girls. Everything in general I guess.

Jimmy Shook grumbles about everything and anything.

Joan Tillett grumbles about boys and teachers especially.

Martha Myers grumbles because Perky is in the Army.

Jerry Webb grumbles that there is always too much work.

Janet Ferguson grumbles that there is too much school and almost anything else.

Harriet Danso grumbles because everyone picks on her and that Mr. James gives her too much homework.

Shirley Bordner grumbles that there isn't time enough to do anything.

Ruth Stocker grumbles that there is too much work to be done and not enough time to do it.

John Cheeks grumbles that he doesn't have enough Study Halls to sleep in.

John Bailey grumbles because he can't have a driver's license.

Elwin Cross grumbles that there are too many "bosses."

Art Gill grumbles because he has to make up his time for betardy.

Class Poem

Here's the class of '55,
Conducting no misdemeanors;
We try to keep the school alive,
Us poor underpriviledged Seniors.

To Mr. Majick and Teachers dear,
Whom always put us right;
There's brighter days in future years,
So keep you fists clenched tight.

First on our list is Ruth Daugherty,
The shortest girl in our class;
Her shorthand she does study,
To make money and be a rich lass.

Here's a boy who likes to debate,
He'd make anyone a good lawyer;
For every class he's always late,
His name is Edward Bohyer.

As cheerleader she's hep to the jive,
Her ambition--to be a rich person;
She was Homecoming Queen of '55,
We present to you Janet Ferguson.

Here's a boy that's quiet and shy,
He does his homework daily;
When girls see him they woo and sigh,
The boy we mean is John Bailey.

Here's a girl who will succeed,
Her name is Ruth Marie Stocker;
She'll do her best we're all agreed,
In a profession as a doctor.

Marvin Waggoner we present to you,
He dresses trim and neat;
He's President of Student Council too,
At basketball he can't be beat.

If the latest gossip you would like to know,
Here's the girl who can spill it;
She always keeps news on the go,
Her name? Joan Tillett.
Here's another Senior kid,
Thats a crazy mixed up pill;
He says he didn't, what he did,
His name is Arthur Gill.

Stenographics is her aim,
For typing she is fast;
Shirley is her first name,
Bordner is her last.

Here's a boy with a Toni,
His voice is low when he speaks;
He goes with one girl only,
His name is John Cheeks.

A Phys. Ed. teacher she'd like to be,
Success she's sure to gain;
The country she would like to see,
Her name is Patty Romain.

A new car he'd like to own,
Dreams about it by the hour;
In basketball he is well known,
His name is Dale Fowler.

Here's a girl with lots of dough,
Only when she makes pizza;
Her name? Harriet Louise Danso,
And her pizza's good to eat'za.

A rolling stone gathers no moss,
A rolling "Olds'" no gas;
We introduce Elwin Cross,
The smallest boy in our class.

Martha Myers is a blonde,
And her nickname is Billie;
She loves to skate and go on dates,
And ride a big bay fillie.

A marriage counselor he'd like to be,
A girl he'd like to hook;
He'll do his best we're all agreed,
His name is Jimmy Shook.
We've saved the best until the last,
He's a friend to all we've heard said;
He's President of our Senior Class,
His name is Jerry Webb.

The Senior Class of '55 have all been listed here,
A line for each, with a thought and a memory dear;
For each and everyone of you, a smile, a nod, a sigh,
To our friends a fond adeiu, and to our school, good-bye

Mrs. Betty Schofer began her first year here as we began our first year upstairs.

We chose Shirley Bordner and Janet Ferguson as our Homecoming Attendents.

CLASS PROPHECY

It was a humid day in August. My private secretary Shirley Bordner, and I decided to take a month's vacation from my duties as a doctor. We made arrangements for our families, packed our valise's and called a taxi. When the taxi arrived we discovered that the driver was one of our former classmates Elwin Cross. On the way to the airport we stopped at a flower shop, so that our husbands could buy us a corsage. We went in and much to our surprise another former classmate, Joan Tillett, was in charge. After leaving the Floral Shop we hurried to the airport because it was getting late. With less than a mile to go we told Elwin to hurry, In a few seconds we heard a siren. When the patrol car pulled along side of us, we noticed it had two of our classmates, Ed Bohyer and Jerry Webb in it. It seems that at the age of twenty they received their orders, and as luck would have it they were assigned to the same territory. Upon recognizing us and finding that we were in a hurry to begin our vacation, they forgot the charge and we were once again on our way.

We arrived just in time to get aboard. When the plane was ready to fly the stewardess came to fasten the safety belts, we were surprised to see Harriet Danso. She welcomed us aboard, but explained that she had to fasten the other passengers seat belts, and would have time to talk later.

When Harriet came back we asked her about the crew on the plane. She told us that Dale Fowler was the pilot, and John Cheeks was the co-pilot. Harriet also told us that only a week before Marvin Waggoner had traveled on the plane to Hollywood. It seems he has a movie contract with Paramount.

We arrived in New York and bought tickets to a television program. When we reached the television studio that evening, much to our surprise, John Bailey was M. C. of the program. This was our night for excitement. On his program he was featuring Janet Ferguson as songstress, Martha Myers, who by now is the world's champion rollerskater, and Jim Shook world known comedian.

John asked us to stay after the show and the eight of us would go to the Stork Club and reminisce old times. Upon looking around we discovered Patty Romain and her husband who were just returning from a big business meeting in Europe. They joined us and later that same evening we went to a stage show, "I Led 3 Wives."

Upon returning to our hotel we were amazed to find that Arthur Gill was the owner. He told us that soon after graduation he came to New York to find excitement, but he said he found all the excitement he wanted in running a hotel.

After an other week of excitement and sight seeing we had to return home. On the trip home we met Ruth Daugherty on the airplane. She related to us that she is now the private secretary to the president of the Carneige Steel Company.

Well finally we arrived back home after a very interesting and eventful trip. We certainly were glad we took the trip, because we met all of our old classmates.
